National Academy of Forensic Engineers

Chartered Affinity Group of National Society of Professional Engineers
Charter Member of the Council of Engineering and Scientific Specialty Boards

Based on your direct knowledge of the applicant's forensic engineering practice, comment on the applicant's:

- A. Integrity and moral character

- B. Professional ethics

- C. Professional conduct

- D. Forensic engineering judgement

In your judgement, do you consider the applicant is qualified for recognition as a forensic engineer?

Do you know of any instance where the applicant was guilty of unethical or illegal conduct?
If yes, state the circumstances:

I hereby attest to the accuracy and truthfulness of the information provided on this reference form. My endorsement is based on my professional relationship with the applicant, during which I have directly observed their skills, competencies, and ethical standards in the field of forensic engineering. I affirm that I have known the applicant and they have demonstrated qualities and expertise that, in my opinion, make them a suitable candidate for membership at the National Academy of Forensic Engineers. I understand that this attestation is a serious and significant statement, made for the consideration of the National Academy of Forensic Engineers in evaluating the candidate. I am aware that providing false information could result in disciplinary actions against me and affect the applicant's consideration.
